# Combustible waste

**Door-to-door collection**  
Put out by **8 a.m.** on the designated day.  
The staff will start collecting at 8 a.m. and they will go along the route.  
※ Put out combustible waste items by 7:30am in the early collection area.

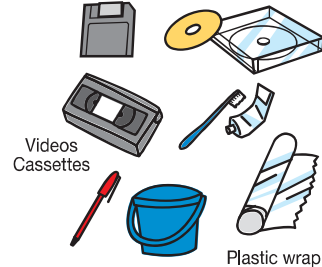

Shinagawa City pre-paid stickers are required for waste from business operations.

## Plastics

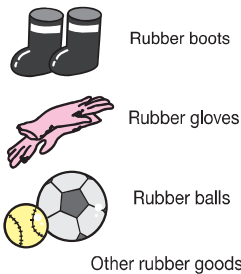

**Not washed** plastic containers and packaging 

Other types of plastics

## Rubber Goods

Other rubber goods

## Leather Goods

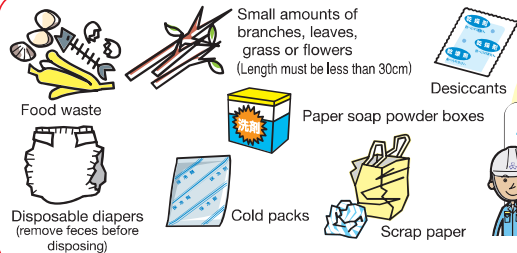

Other leather goods

### Question Q&A

**Q** Leather is now combustible waste, but what should I do about the metal parts?

**A** Put out leather items as combustible waste even if you can't remove the metal. Put removed metal parts in with ceramic, glass and metal waste.

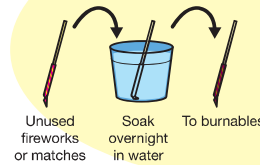

### Question Q&A

**Q** How Should I dispose of cooking oil?

**A** Soak up the oil with cloth or paper, or solidify with a coagulating agent.

### Question Q&A

**Q** How should I dispose of unused fireworks or matches?

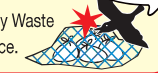

**A** Place in a bucket of water overnight. Once they are thoroughly wet, put them out as combustible waste.

## Bird nets

The city office will **provide** bird nets to condominium and apartment complexes.  
Please ask the Shinagawa City Waste Collection Office.

The nets are weighted.

## Important Points

- Drain off all liquids from wet food waste.
- Soak up cooking oil with cloth or paper, or solidify using a coagulating agent.
- Remove feces from disposable diapers.
- When putting out several plastic grocery bags, please tie them together.
- For unnecessary gardening soil, carry it to the designated reception center.

**Shinagawa City collects combustible waste and ceramics, glasses and metal items door-to-door.**

- For condominiums or apartment buildings, place bagged waste in the designated location for your building.
- For houses, place bagged waste near the entrance to your home or just outside the entrance gate, always in the same location. (If you have just moved in, please contact Shinagawa City Waste Collection Office for more information.)
- If you are over 70 or have physical difficulty putting out **combustible waste** and have no one to help you, please contact the Shinagawa City Waste Collection Office to arrange for special pick-up.

## Large Amounts of Household Waste (fee required)

Contact the Shinagawa City Waste Collection Office ahead of time to put out a large amount of waste at once (for example, if you are moving or if you have a lot of trimmed tree branches for disposal).

\*Combustible waste is limited to 4 45 liter bags per collection day.

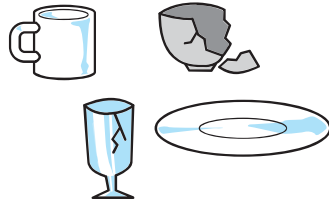

# Ceramics, glasses and metal items

Door-to-door collection  
Put out by 8 a.m. on the designated day.  
Workers begin collecting waste along their routes at 8 a.m.

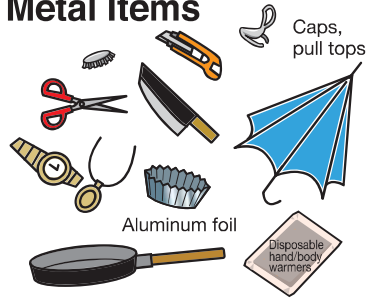

Shinagawa City pre-paid stickers are required for waste from business operations.

## Ceramics, Glasses

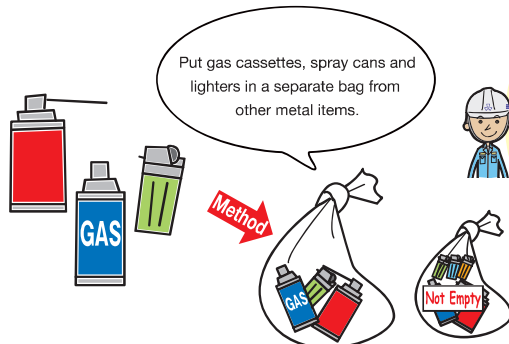

Dangerous items should be thickly wrapped in newspaper. Write **KIKEN (danger)** in large letters.

## Metal Items

Dangerous items should be thickly wrapped in newspaper. Write **KIKEN (danger)** in large letters.

## Gas Cassettes, Spray Cans, Lighters

Use up or empty all gas cassettes, spray cans or lighters before placing in a "see-through bag".

### Question Q&A

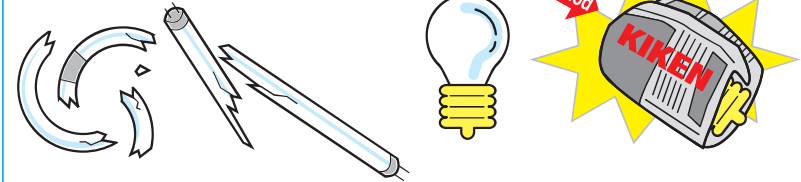

**Q** Can I dispose of spray cans and lighters as metal items?

**A** Put it out after it is as empty as possible.

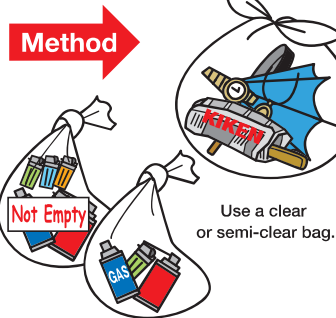

When you dispose of a can where all gas is not used up, put it out in a plastic bag with a sign "Not Empty".

## Broken Fluorescent Tubes Incandescent Light Bulbs

Please put out a fluorescent lamp that is not cracked as resources (see P6).

Dangerous items should be thickly wrapped in newspaper. Write **KIKEN (danger)** in large letters.

Use a clear or semi-clear bag.

OR

For covered garbage cans, first place waste in a clear/semi-clear bag.

**Question Q&A**  
**Q** I'd like to throw out just one rice bowl.  
**Q** I want to throw away the umbrella that are no longer needed.  
**A** Indicate clearly that the item is waste.

## Important Points

- Blades, glass and mirrors should be thickly wrapped in **newspaper or waste paper**. Write **KIKEN (danger)** in large red letters on the newspaper.
- Use up or empty the contents of all gas cassettes, spray cans and lighters, and separate them from other metal items.
- Earth, sand or rocks will not be collected. Please contact the Shinagawa City Waste Collection Office for more information on disposing such items.
- For unnecessary gardening soil, carry it to the designated reception center.
- Injection needle that are no longer needed in the home care can not be recovered in the ward (see P11)**

Shinagawa City collects **combustible waste** and **ceramics, glasses and metal items door-to-door**.

- For condominiums or apartment buildings, place bagged waste in the designated location for your building.
- For houses, place bagged waste near the entrance to your home or just outside the entrance gate, always in the same location. (If you have just moved in, please contact Shinagawa City Waste Collection Office for more information.)
- If you are over 70 or have physical difficulty putting out **ceramics, glasses and metal items** and have no one to help you, please contact the Shinagawa City Waste Collection Office to arrange for special pick-up.

## Large Amounts of Household Waste (fee required)

Contact the Shinagawa City Waste Collection Office ahead of time to put out a large amount of waste at once (for example, if you are moving or have a lot of trimmed tree branches for disposal)

\*Ceramic, glass, and metal items are limited to 4 45 liter bags per collection day.

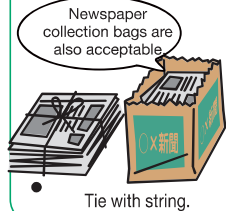

# Recyclable resources

Designated Collection Station  
Put out recyclables by 8 a.m. on the designated day. Five different types of trucks will begin collecting from 8 a.m.

Shinagawa City pre-paid stickers are required for waste from business operations.

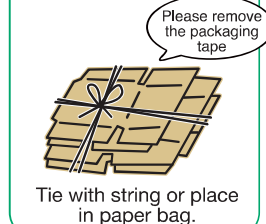

## 1 Newspapers, Circulars

## 2 Magazines, Books

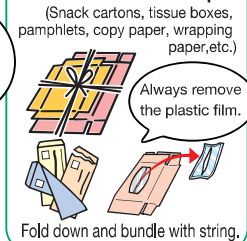

## 3 Corrugated Cardboard

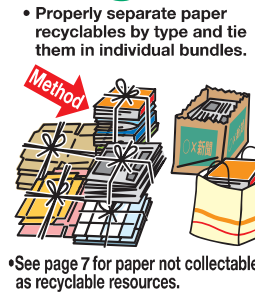

## 4 Drink Cartons

## 5 Paper Boxes, \* Miscellaneous Paper

## 1~5

## 6 Bottles (foods/beverages)

## 7 Cans (foods/beverages)

## 8 PET bottles

## 6~8

• Broken or cracked bottles and 18L large-capacity cans should be put out as ceramics, glasses and metal items on the designated collection day.

• Dirty or oily items or items containing cigarette butts cannot be recycled.

\*Miscellaneous paper includes recyclable paper such as circulars, paper bags, envelopes, cardboard mounting boards, memo paper, etc. Place torn paper and small paper scraps in an envelope, etc.

## Question Q&A

Q I don't understand the standards for separating plastic packaging.

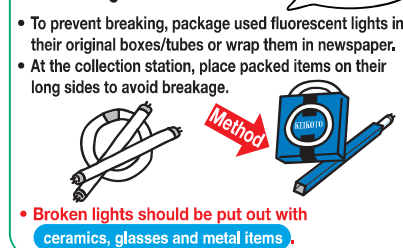

A Plastic packaging is wrapping or a product container marked with a (recyclable plastic) symbol.

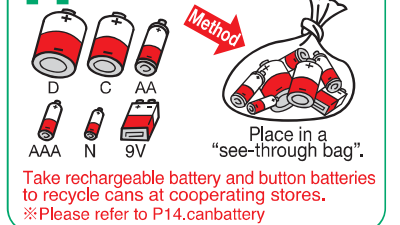

## 9 Clean Packaging or Containers

## 10 Intact fluorescent lights

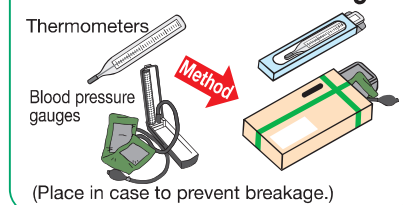

## 11 Disposable Batteries (D-AAA, 9V)

## Important Points

- The collection vehicles and times change for different types of recyclable resources.
  - Do not use a recyclable resources collection station to dispose of regular waste.
- combustible waste ceramics, glasses and metal items Bulky Waste
- Do not put out at the Recyclable resources collection station.
- Shinagawa City collects recyclable resources at designated collection stations.
- If you are over 70 or have physical difficulty putting out recyclable resources and have no one to help you, please contact the Shinagawa City Waste Collection Office to arrange for special pick-up.

## 12 Mercury Thermometers, Blood Pressure Gauges

# Paper Items that Cannot be Collected as Recyclable Resources

The following items are not suitable for recycling and cannot be collected as recyclable resources.

Please put them out as combustible waste.

- Thermal paper (fax paper, receipts), iron on transfer paper, carbon paper, carbonless copy paper
- Braille paper (paper that expands when exposed to heat)
- Paper that is not clean or has a smell attached to it (paper boxes for detergent and incense, pizza boxes, etc.)
- Envelopes with (plastic) windows, envelopes covered with adhesive, peel apart postcards
- Photographic paper pictures, inkjet photo paper
- Paper that is not clean such as used tissues
- Paper that has been waterproofed, coated in plastic, or covered with aluminum foil

Thermal paper (receipts, fax paper)

Carbon paper (sales slip copies)

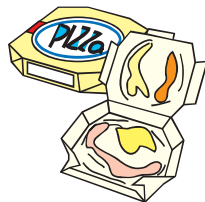

Used tissues

Disposable diapers (remove feces before disposing)

Pictures, photo paper

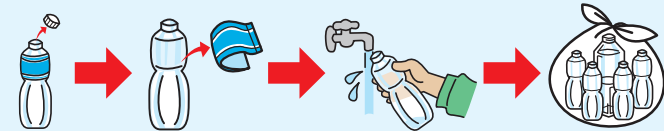

Dirty and scented paper (pizza and detergent boxes)

Waterproofed paper and paper covered in aluminum foil

## Separation point of PET bottles

- Point 1** Remove the cap. (Cap, please be served in plastic containers and packaging)
- Point 2** Remove the label. (Label, please be served in plastic containers and packaging)
- Point 3** Rinse

## Bottle, fractional point of cans

- Point** Rinse

## Plastic containers and packaging point of that is not dirty

- Point 1** Check if "Pura-mark" is on the package
- Point 2** Rinse the package

Please make sure no contents (such as food) are left in the package. Please put out as a resource. I will lead to weight loss of garbage to burn.

**Note!!**

Please do not put the dangerous goods or double bag!

**Note!!** (All of the above)  
Please do not put the dangerous goods inside!

## Recycling Rechargeable and Button Batteries

The following shops have recycle boxes for your convenience.

Batteries are 100% recyclable!

### Rechargeable Battery Recycle Box

Remove rechargeable batteries from machines and bring them to your nearest recycle support shop, such as electrical appliance stores, supermarkets or bicycle shops.

Rechargeable batteries are used in the products as follows.

Pay attention to the Recycle Marks!

For more information about recycle support shops, contact the General Incorporated Foundation (JIRC)

<http://www.jirc.com>

TEL.03-6403-5673

Insulate the terminal section with adhesive tape, etc.

### Button battery collection can

Bring button batteries removed from machines to a collection support shop.

\* Do not put anything in, other than button batteries.

\* Insulate button batteries with adhesive tape.

\* For batteries that cannot be easily entered into the recycle box opening, this does not apply.

For more information about recycle support shops, contact the Button Battery Collection Center.  
<http://www.botankaishu.jp>  
TEL.0120-266-205

(Receiving time: 9:00am to 17:00pm weekdays)

## Donate Unneeded Dentures

Dentures contain valuable metals that can be recycled and sold. The money generated is used for social welfare activities, so your cooperation benefits the environment and society.

Dental crowns, inlays and bridges can also be recycled.

Partial dentures

Full dentures

There are two ways to donate unneeded dentures:

- ① Place in the donation box at the Japan National Council of Social Welfare offices in Oimachi.
- ② Send by mail after disinfecting in boiling water or with a denture cleaner.

Denture donation box location

2F, Oi 1 Kyodo Bldg., 1-14-1 Oi, Shinagawa 140-0014

Denture donation mailing address

Inquiries: Shinagawa Ward Council on Social Welfare ☎03-5718-7171
